PROFESSIONAL PROFILE

Developer with knowledge of JavaScript, React.js, Node.js, C#, .NET, CSS and SQL databases. I am currently pursuing a Technical Degree in Programming, with a strong interest in everything related to computer science.

I am a responsible, organized, and proactive person, highly motivated by continuous learning and professional growth. I am seeking an opportunity as a developer to apply my knowledge, keep improving my skills, and contribute to the development of innovative solutions in a collaborative and dynamic environment.

WORK EXPERIENCE & PROJECTS

AGENCIAS JOKER

2024 - June 2025

- Performed customer service and tax payment collection tasks.
- Developed skills in client relations, administrative management, and handling in-person inquiries.

THE FROG GAMES

Abril - June 2025

Developed a full-stack web application for managing and selling digital products.

- Backend:** Implemented with Node.js, Express, and SQLite3, including data models, CRUD operations, and route protection.
- Security:** Authentication and authorization using JSON Web Tokens (JWT) for user verification and role-based access control.
- Frontend:** Built with React, featuring a responsive design using CSS and Bootstrap.
- Main features:** User and product management, order creation, protected routes, and role management.
- Project management:** Applied the agile Scrum methodology and used a Kanban board for task organization.

INFO DOLAR

2024

University project focused on developing a web application that displays real-time foreign currency exchange rates by consuming an external API.

- Backend:** Built with Flask (Python).
- Frontend:** Implemented with JavaScript, HTML, and CSS, providing a clear and interactive interface.
- Automation:** Automated data fetching and visualization to enhance efficiency and accuracy of displayed information.
- User experience:** Dynamic design with real-time data updates.
- Project management:** Applied the agile Scrum methodology and used Git for version control and team collaboration.
